Practice News

The NHS requires us to obtain your national insurance number which is used to process your NHS dental treatment.

Important Information

For all NHS patients that are exempt from dental charges, we are required to provide evidence of this by way of an exemption certificate/letter. This applies to benefits and Tax Credits. If evidence is not provided, the NHS charges will still apply and need to be paid.

When attending your appointment, it would be very helpful if you could arrive 10 minutes prior, this allows for the processing of the necessary documents for your visit.
