

Dental Clinic

Thank you

We would firstly like to thank you all for your cooperation regarding Covid-19. We are following NHS guidelines and asking all our patients about their travels and health prior to their appointments. We've had no cases to date and appreciate patients' cooperation. Please can we all continue to remain extra vigilant. If you have symptoms of a cough, fever, and shortness of breath, please follow guidelines and call 111. Please cancel appointments if you feel unwell. Click on this link for NHS advice and guidelines:

Welcome Tanim!

We'd like to make an officially warm welcome to Tanim, our new dentist, who has settled in perfectly here at the Essex Dental Clinic! We've already had wonderful feedback from our patients for his kind and professional nature, and we feel very fortunate to have him on board.

Electric Toothbrushes In Stock

We have a great variety of quality Oral-B electric toothbrushes in stock, ranging from the all-singing-and-dancing Genius 9000 to children's Oral-B electric toothbrushes in Frozen and Star Wars editions. We can help you choose which one is right for you. Electric toothbrushes are the highly recommended way to brush your teeth, but are also fabulous for anyone who has any dexterity issues. Please pay caution to any cheap versions of these on websites such as Amazon and eBay, as they not always the genuine article.

Best Wishes,

Louise McAllister & All the team at The Essex Dental Clinic
