November 2018 Newsletter

Mouth Cancer Awareness Month

November is mouth cancer awareness month. We are offering a complimentary mouth cancer check/screening to all non-patients who may be concerned. This could be a partner of family member. All existing patients are regularly screened during their visits but if you are worried, please call us for an appointment.

Christmas Offers

Unbelievably, it is fast approaching that time of year again and we have two great offers for a limited period only. **Our teeth whitening package has £50 off so that's only £289! As a provider of Invisalign treatment, we are offering complimentary Invisalign Vivera Retainers following your completed treatment, saving you £495!** Both offers are running from the 1st of November to 1st of January 2019.

Patient Medical History

It is necessary to update the medical history of all patients when they attend the Practice and certainly for each new course of treatment. It is very important that you provide accurate and up to date information so that we can ensure our records are kept up to date. If you are unsure if you need to tell us about a certain medication or maybe an existing or new medical condition, please talk to us.

Top Tips!

Clean your tongue! Use a tongue scraper every morning to remove tongue plaque and freshen your breath. One major cause of bad breath is the build-up of bacteria on the tongue, which a daily tongue scraping will help banish. Plus, using a tongue scraper is more effective than brushing your tongue with a toothbrush.

Important Practice Plan Information

All Practice Plan patients should by now have received a letter informing that the Plan benefits have increased and the monthly/annual payments will increase from **1st of January 2019**. We would like to clarify that the cost of the Worldwide Dental Emergency Assistance Scheme will remain the same and cover is in place continuously from now until January under your current Plan and will then continue from January under the increased plan fees.
