October 2018 Newsletter

Stoptober

We fully support Stoptober and encourage those who are participating to think about the amazing benefits from giving up smoking to feel healthier, save money and protect their families from the harmful effects of second hand smoke. **There is an app available to download from your Google Play or App Store to help support and track your progress.**

Patient Feedback

We will be conducting a patient survey from the **1st of October 2018** and your participation will be greatly appreciated. Your feedback is valuable to us and we take all comments and suggestions on board. We constantly strive to deliver the best possible service to our patients and the survey helps us understand your expectations, experiences and requirements.

Apologies

We would like to apologise to those patient affected by the mains water issue which unfortunately caused the Practice to close on 25th of September 2018. Our Team worked hard to inform patients as early as possible and rearrange their appointments with minimal disruption.

Top Tips!

With Halloween fast approaching, we encourage some healthier alternatives to the traditional sweets. However, if you do treat the children it is advised they eat the sweets all in one go and at meal times.

Practice News

We have a new Dentist! We welcome Dr Priyasma Gauchan who has joined us and is available on Mondays and Wednesdays.

Important Information

A gentle reminder to all patients that it will be appreciated if you **can arrive 10 minutes prior** to your appointment time to allow for the processing of the administration of your appointment.
